

# ClassDojo

Hello Families,

As part of our continuous efforts to enhance communication, this year we will be utilizing Class DoJo. Class DoJo is a comprehensive digital platform designed to facilitate seamless interactions between home and school. It provides a secure and user-friendly interface that allows us to share important announcements, assignments, class updates, and other relevant information in real-time. ClassDoJo is a can be accessed via a web browser or mobile app. Families may join the class via the QR code provided.

Children's House classrooms will use DoJo as a communication tool only. Parents and teachers can message each other directly or teachers may post reminders or photos on the class story. We will not use Class DoJo to monitor classroom behavior and skill development in the Children's House classrooms.

The Elementary classes will use Class DoJo as both a communication and behavior tracking tool. Students will receive positive and negative points based on class conduct and student expectations. This will replace our student Responsibility sheet in the Student Discipline Policy. Students who have 85% or higher positive scores for the week will be allowed to participate in Friday Fun. Additional details regarding points and Friday Fun plans will be sent home later.

We look forward to using this platform to benefit our students, staff, and parents. If you have any questions, please do not hesitate to contact your child's teacher or the Head of School.
